NEWS OF OUR MEN AND WOMEN IN UNIFORM

AVIATION CADET

Aviation Cadet **William H. Peck**, son of Mr. and Mrs. C. H. Peck, Colma, pictured above, has just been transferred to Miami Beach, Florida. He had been taking a special course in aviation mechanics at Seymour Johnson field, North Carolina.

He is a graduate of Jefferson Union high school and enlisted in the Army, October, 1942.

AT KEARNS

Robert W. Hatt, who formerly lived at 530 San Diego avenue, Daly City, is now stationed at the Kearns, Utah, Army Air Forces Basic Training center, it is announced by Colonel Converse R. Lewis, commander.

The son of Mr. and Mrs. F. A. Hatt, of the same address, Hatt has been in the Army Air Forces since July 12, 1943.

Men at the Kearns post are trained under the rigorous program of the Air Forces Technical Training command. They are taught how to fight—how to protect themselves under battle conditions, to march, the use of small arms and machine guns, the use of the gas mask and other kindred subjects before going to duty with ground crews.

Hatt's wife is Mrs. Faye K. Hatt, 1631 Larkin street, San Francisco.

IN MARYLAND

David Petrig, 898 Templeton avenue, is now at the Aberdeen Proving ground, Maryland, headquarters of the Ordnance Replacement Training center.

OVERSEAS NOW

Private **Nick Lettiere**, son of Mrs. Mary Conti, 28 Knowles avenue, is now on overseas duty with the U. S. Army. He is with a trucking division. His mother reports that he will observe his birthday, September 5. He has been in the service nearly 3 years now.

WINTER WRITES

Nostalgia for Daly City's fog was expressed in a letter to The Record, this week, from **Al Winter**, son of Captain and Mrs. F. W. Winter, 619 San Diego avenue, who is now at Camp Ellis in Illinois. Winter is now a battalion sergeant major and reports that he's "really busy."

Prior to going to Camp Ellis, Winter, who is with the Army Engineers, spent some time at Camp Claiborne in Louisiana. His wife recently went to Macomb in Illinois to be near him.

State Sales Tax Brings In Almost "A Billion"

George R. Reilly, First District member of the State Board of Equalization, revealed that almost a billion dollars has been paid into the state treasury from the state sales tax since it became a law ten years ago this month.

The sales tax, passed at a time when the state faced bankruptcy, was designed to yield \$40,000,000 (Continued on Page 2)

Council To Study Important Matters

First Daly City Civilian Defense Council meeting in more than a month will be held tonight, August 5, at the city hall, 75 Wellington avenue. Arthur J. Bodien, director, urges a full turnout of the leaders of the various services.

Matters which will receive the consideration of the group at tonight's meeting include: the re-registration of all personnel as requested by the federal government, the summer tin drive, the securing of assistance from the state in covering costs of the re-vamping of the local civilian defense records as occasioned by the new signup, compensation for volunteers, and a date for the next control center drill.

Canning Clinic May Fold At Jefferson

Jefferson high school officials, this week, reminded Daly City housewives that the canning program at the school will have to be dropped unless more interest is immediately shown. Attendance was very poor at the past two sessions and it will be impossible to tie up equipment and instructors longer unless local housewives evidence desire for continuation of the program.

Pressure cookers have been made available, free of charge, at the school for the preservation of fruits and vegetables. Expert advice from instructors sent by the San Mateo Junior College Adult center has been provided.

Jefferson high school undertook sponsorship of the program here at the request of federal and state authorities desiring to encourage home canning, so vital during the present war period of shortages.

Any local woman who wants to take advantage of the canning clinic may make arrangements for using the equipment by calling the high school, Randolph 6612, or writing to 6996 Mission street.

To Air Charges In Court Tomorrow

Tomorrow's court session, August 6, beginning at 2 p. m., will find a large number of cases for Judge William J. Sweeney to decide. Ranging from shoplifting to drunken driving the charges cover a 10-day period of police reports.

The manager of Relish Bakery called for police department aid, Tuesday, July 27, at 5:55 p. m. when Charles Brown, Montara, created a disturbance in his store. Brown, who had been drinking, according to Officer August Benassini, was attempting to buy a drink and was bothering the bakery's customers. He was jailed on city ordinance No. 209 (drunk in a public place) and released the following morning on payment of \$5 bail to appear August 6 in court.

On July 29, Thomas Stanghellini, Lucca Ravioli company, swore out a complaint charging a local woman with shoplifting a half pint bottle of rum from (Continued on Page 2)

"Enough To Make A Guy Wonder--"

Everybody believes they have a monopoly on troubles but the Daly City Police department sometimes seems to have the odds tipped in their favor on that score. Drunken drivers, fights in taverns, attempted burglaries, family quarrels, stolen cars, lost children—all that is just part of the day's routine and nothing to make the policemen wonder, but when people pursued by Gremlins start begging for their protection, it's something again.

Friday night at about 10:30 Officers Henry Sundermann jr. and Roland A. Petrocchi were buttonholed, in their own headquarters yet, by a colored youth from San Francisco who was dead certain he was pursued by (Continued on Page 2)

Druids Give The Boys Chance To Call Home

Social Concludes UAOD Week At Club

"What would please a serviceman more than a chance to call his folks at home?" reasoned members of Hillcrest Circle No. 143, U. A. O. D., who were in charge at the Daly City Servicemen's club, 6201 Mission street, last week.

Being sure they had the right answer to that question, the ladies made arrangements to hold a drawing, at Saturday night's social, to determine the lucky soldiers. The three winners were Sergeant Ernest Falk, Sergeant Robert Hounshell, and Private Carl Parker.

DIRECTS PROGRAM

Above is a picture of Miss Maxima Morris who is in charge of the summer recreation program currently being conducted at the General Pershing school and Lincoln park centers. Her work is handled under the auspices of the Daly City Recreation committee and since the launching of the program in July attendance has exceeded all expectations.

Pershing school, where the crafts and indoor games are supervised, is open Monday, Wednesday, and Friday from 10 a. m. to 1 p. m. The balance of these days, Tuesdays, Thursdays, and Saturdays until noon are given over to outdoor play and sports at Lincoln park, Acton and Brunswick streets.

All elementary school age children are invited to participate.

Campaign For Records Falls Short Locally

The concentrated July drive for old scrap records conducted by the American Legion is all over but the counting.

Legion posts throughout the entire state are busy adding up the thousands upon thousands of pounds of scrap records turned in. It may take some weeks before totals can be announced.

In Daly City, the current drive fell far short of the first campaign for old records held here a year ago, according to A. G. K. Jakobsen, local chairman for the project. He reports that only about 500 records were secured. Up until Saturday, August 7, he will still be glad to call at the home of anyone who has contributions to make to the drive. He may be contacted at Randolph 6895. Barrels and boxes were placed at more than thirty stores, restaurants, or bars in Daly City, as well as at The Record office, and despite this convenient location of depots, only a comparatively few records were given.

Jakobsen publicly thanks all who cooperated in the drive, donors as well as merchants who let their places of business serve as collection depots.

A. H. Meyer, state director of the drive, was enthusiastic in his praise of not only cooperating Legionnaires, but of all who generously gave their time and effort. (Continued on Page 5)

The boys, all stationed in this area, will write their families first to make arrangements for the calls. When they do phone it will be at the expense of the Druids. Falk will call Burlington, Colorado; Hounshell, Sterling, Colorado, and Parker, Youngstown, Ohio.

The social given Saturday evening, July 31, to conclude the Druids' week at the center, was attended by more than 150 servicemen. Dancing, singing, and refreshments were enjoyed. One of the highlights of the evening came when a song composed by a well-known Daly City woman, Mrs. Gertrude Gehringer, was sung by Miss Sally Watson. It was one of the first public presentations of the composition and the crowd at the club applauded it heartily.

heartily.

Hostess for the evening was Mrs. Madeleine Fellows, district deputy and past grand arch druidess.

Current host at the center is the Daly City Fire department. Beginning August 8, Daly City Post and Auxiliary No. 410, American Legion, will take over. Their week will be topped with a social, Saturday, August 14.

The Tuesday evening dancing classes, given by Miss Rosalyn Rosenberg, local dancing instructor, are proving very popular with the men. They are held every Tuesday from 8 to 10 p. m., free of charge at the center.

Supervisor Thomas Hickey recently made a cash donation to the club.

Red Cross Thanks R. L. Crane For Aid

R. L. Crane jr., district superintendent of schools, chairman of Junior Red Cross activities in Daly City, and secretary of the Daly City-Colma Lions club, last week, received the following letter from the American Red Cross:

"Dear Mr. Crane:

"On behalf of the Arts and Skills unit of the American Red Cross and particularly on behalf of the wounded service men who will make use of the equipment, may I express our great appreciation and gratitude for the three supply trucks and three finger-painting drying racks which you and your group have made.

"Will you thank the members of the Lions club, the American Legion and the Junior Red Cross of Daly City for their generous participation?

"We wish to thank you in particular for your able assistance in planning the construction and design, and assuming the detail work of acquiring material as well as giving your time and Fourth of July holiday to the actual construction work. We realize that without your special attention we should not be so fortunate in having this equipment.

"Furthermore, the articles pro- (Continued on Page 5)

Warren Proclaims AWS Observance

With the support of the War Council Board of the State of California, Governor Earl Warren has issued a proclamation designating the week of August 1 to 7 as "Aircraft Warning Service Week."

The action took place during a recent meeting of the State War Council in Sacramento. Both Governor Warren and the council members expressed a desire that every volunteer in the Aircraft Warning Service be assured that the "State of California is very grateful for the fine work the civilian volunteers have accomplished on observation posts and in Filter and Information Centers."

Governor Warren's proclamation reads:

"As Governor of the State of California I am indeed grateful for the opportunity of proclaim- (Continued on Page 5)

Daly City's Farallone Packers Step Up Into Tie For Summer League First Place

Daly City's Farallone Packers stepped up into a tie for first place in the Peninsula Summer Baseball league, with a 6-2 win over the Moffat Mantecas, Sunday. The game was played at Marchbank park, and advanced the locals from a tying position for second place.

With the game more closely played than the final score would indicate, Packer hitters held only a slim margin in the hits column, getting eight while their opponents were credited with seven. Manager Charles Norry's squad was led in this department by Hjort, with two for three, and Petrocchi, with two for four. Bagdonoff and Fenech comprised the Farallone battery, opposing Flatland, Medeghini and Navarrett for the Moffats.

Baseball fans who relish a tightly contested league battle should enjoy the present situation. The three top teams are tied for the lead, with only one game remaining to be played. New standings, resulting from last Sunday's affairs, show the Farallone Packers, San Mateo and Belmont even with eight wins and three losses each, followed by the Owl Drugs with six and five. Moffat Mantecas with five and six, Simmons company with two and nine, and Burlingame with one and eight.

Playoff games, between the

four teams finishing in the upper bracket, will start with two games August 22, followed by either a lone contest or a three-game series between the winners for the decision. At least one playoff match will be staged at Marchbank park in Daly City.

Last Sunday morning's game saw Manager Louis Marioni's Packer Juniors handed an 8-4 beating by the older Laundry Workers, with the respective "hit" columns duplicating the "runs" in the scorebooks, eight and four. Quinones and Clark was the Little Packer battery, with Penrose and Gigras working for the opponents.

Next Sunday, at Marchbank park, the 11:30 a. m. game will bring the Packer Juniors up to face the Royal Tallows, another hustling young squad. In the afternoon contest at 2:30 o'clock, local fans will see the Moffat Mantecas return to meet Burlingame, who now hold the cellar spot in league ratings.

Other Sunday meetings for league teams include a double-header at San Mateo, with the Farallone Packers matched against the Blues of that city at 1:30 p. m., followed by an Owl Drug-Belmont clash at 3:30. This will wind up the league schedule and pave the way for playoffs starting two weeks later.

his store. On July 28 Officers Roland A. Petrocchi and August Benassini went to Lucca's to book her after Sergeant Rieco Benedetti phoned that he was holding a woman who had committed petty theft. The woman was released on the payment of \$25 bail to appear at court, August 6.

Edward Moes, 1457 Geary street, San Francisco, drove his 1936 Dodge sedan north on Mission at 11:10 p. m., July 29, in a very erratic manner. He was found to be intoxicated and was jailed. Later he was released on payment of \$50 bail and ordered to appear, August 6, in court.

Another local woman tangled with the law and will face charges of driving while under the influence of intoxicating liquor for the second time in three months during tomorrow's court session. Officer Petrocchi arrested her, July 30, shortly after 6 p. m. when she made a U-turn and drove south after being pursued from Mission and Evergreen to Wilson. The police report described her driving as very erratic and a menace to people on the street. Judge Sweeney set her bail at \$100 and she was released on payment of it to appear, August 6.

late Saturday afternoon, Charles Pelicano, 201 Guttenberg street, San Francisco, was stopped on Mission street for erratic driving. When taken from behind the wheel by local police he was found to be intoxicated. He was jailed and bail set at \$50. On August 1 he was released to appear August 6. A U-turn and near-collision with several other cars were factors in his arrest.

August 2 at 11:40 p. m. Russell F. Torkelson, Mountain View, was arrested here for driving his Cadillac sedan south on Mission in an erratic manner. When stopped he was found to be drunk. Police jailed him and bail was set at \$50. He was released, the morning of August 3, to appear August 6.

annually to meet school costs and to relieve the local property taxpayer. In the fiscal year just closed, stimulated by federal spending, defense payrolls and rising prices, sales tax collections reached \$135,970,672. More than any other factor, these collections are responsible for the surplus of \$62,830,000 which now replaces the 1941 deficit of \$66,000,000 in the state treasury.

The board, according to Reilly, faced a most difficult problem following the outbreak of the war—whether sales of materials to government contractors were taxable. The question was finally settled by a U. S. Supreme Court decision which authorized the collection of sales tax on materials for the construction of war plants and army camps, but exempted materials for the manufacturing of airplanes, ships and other vital war materiel.

Because of the state's industrial expansion, it is not general-

ly realized that more than half of the counties of the state show losses in retail sales volume for the last year and a half. Mining counties such as Amador, Calaveras and Nevada show sharp losses, while agricultural counties without war plants or army camps show a moderate decline.

Business casualties of the war began to appear in January, 1942, when for the first time in several years the number of retailer's permits fell below 204,000. The mortality rate continued to climb through the first months of 1943, but leveled off in April when the number of retailer's permits reached the low of 170,000.

COMFORT FIRST

Another bill has been introduced in Congress—S. 1161—"To provide for the General Welfare." As usual, it is proposed to have the Federal government do the providing. This most recent of the "comfort" measures is designed to remove virtually all the hazards of living. Among other things, it makes provision for free general medical, special medical, laboratory and hospitalization benefits for more than one hundred and ten million people in the United States. It would place in the hands of one man—the surgeon general of the Public Health service—the power and authority to hire doctors and establish rates of pay for doctors; to establish fee schedules for services; to establish qualifications for specialists; to determine the number of individuals for whom any physician may provide service; to determine arbitrarily what hospitals or clinics may provide service for patients. In short, the bill, if enacted into law, would destroy the entire system of American medical care.

And so the spectre of socialization à la the German pattern continues to haunt the land. On the one hand we see a powerful labor union urging public ownership of basic industries, while on the other, public servants are recommending public ownership of the medical profession. Both moves are based on the fallacy that the general welfare is composed solely of two parts—comfort and security.

Our people would do well to remember the words of a famous writer: "If a nation values anything more than freedom, it will lose its freedom; and the irony is that if it is comfort or money that it values more, it will lose that too."

WHY PRIVATE ENTERPRISE?

A leading industrial spokesman recently declared that: "Unless the tax laws are modified to take into account rehabilitation needs and creation of reserves, then when the war is over there are going to be many distressed plants." The same opinion has been repeated time and again. But the men who have expressed it invariably make one grave mistake. They expect the public to be concerned over "distressed plants," before they hammer home the eternal truth that the public actually has a greater interest in the plants than the owners, for the very simple reason that such plants contribute to private employment, stable prosperity, and are essential to the operation of representative government.

No one cares particularly what happens to industry from the standpoint of industry itself. But everyone should care immensely what happens to industry once it is clearly understood the part industry—free, private industry—plays in maintaining an economic and political system which guarantees liberty and equal opportunity to the individual citizen.

Private industry is the primary source of jobs. It keeps the door of opportunity open to millions of American citizens. It rewards those who work and produce. It does not interfere with political convictions. As a result, our people are the most independent people in the world. They will retain their independence only if they retain private industry.

Due to the war, nearly one-fifth of the productive capacity of this country is now owned outright by the government. In plain words, a fifth of industry is already socialized. When the war is over this area of socialism will either expand or be gradually replaced by private ownership. If it is not replaced by private ownership, the American people will eventually lose their freedom. They will work for a single monopolistic employer, the government. A gang of bureaucrats will demand political allegiance as the price of a job.

The public must eventually recognize these truths, just as it must recognize that when a plea is made by a business man in favor of post-war rehabilitation reserves, he is talking about something that involves the future of the nation—not just an industry bank book.

Tax Association Studies Opportunity
For Local Tax Rate Reductions In '43-44

"Every cent of county tax rate reduction which the San Mateo county board of supervisors makes in fixing the county tax rate for 1943-44 means about \$13,200 less taken out of the property owners' pockets in county taxes," California Taxpayers' association estimated today, studying the possibilities of local tax rate reductions in California counties.

The association's estimate is based on the county's \$132,353,035 assessed value for 1942-43. If the 1943-44 valuation in the county goes up, the amount each cent of tax rate will take from the people will likewise increase, the association pointed out. Local property taxes are set at a rate per \$100 of assessed valuation.

For the year ending June 30, 1943, the county's tax levy for county current purposes only totaled \$1,405,025, compared with a levy for these same purposes for the 1941-42 fiscal year of \$1,471,109. Levies for the cities, school and other districts, and for bonds, are not included.

To Mail For Xmas

The 6-week period from September 15, through October 31, has been designated as the time during which all Christmas mail should be posted for Marine Corps personnel on overseas duty. Arrangements have been made with the Post Office department for special handling of Christmas letters and packages mailed during this period in order to get them to men overseas before the holidays.

READING & WRITING
BY Edwin Seaver AND Robin McKown

THE wildest flights of fancy of a fiction writer could not have resulted in a more dramatic narrative than the true story told in "Thirty Seconds Over Tokyo" by Captain Ted W. Lawson and Robert Considine, a Book-of-the-Month Club selection for August. This is the story of the bombing of Tokyo as told by a participant in that historic action.

It tells of the arduous and mysterious weeks of training, during which none of the lads who had volunteered were informed of what it was for which they had volunteered. It tells of the restless days on board The Hornet as it journeyed toward Japanese waters, with each man inspecting his plane countless times daily to make sure it was in perfect running condition, and of how eventually the men had to take off four hundred miles further away than had been planned, when The Hornet met up with a Japanese destroyer which might have had time to radio a warning to Tokyo before it was sunk.

Most exciting of all are the adventures of Captain Lawson and his crew after their plane had come down, in the dark and rainy night, near the shore of a coast that might or might not be occupied China. All grievously wounded, the men were discovered by eight Chinese who escorted them to a thatched-roof house where they spent the night. From there, coolies bearing stretchers took them to a guerilla camp, and from there they were taken by stretcher, by sedan chair and by boat, with new groups of coolies waiting to escort them at each stage of the journey. "I had the feeling," writes Lawson, "that all of China was reaching out a hand to help us; that in some inscrutable way the word had been passed from heart to heart; that behind each impassive mask the secret of what we had done on the raid fairly sizzled."

Eventually they reached a hospital run by English missionaries, and there they stayed until they were well enough to be sent back to America.

Captain Lawson lost his leg as a result of his injuries. When his wife Ellen heard of this, she wired him in Washington: "I am coming just as soon as I can. When I see you, I will do my best to control my tears. But should there be any, please don't misinterpret them. They will be tears of happiness and joy that you got back at all."

During the terrific battle of Stalingrad, the Red Army was free from the greatest terror of besieged soldiers, hunger and thirst, relates James E. Brown in "Russia Fights." This was due in main part to the heroic work of the boatmen who ferried supplies across the Volga at night. These boatmen were picturesque characters; they made a living in peacetime fishing on the river. Long before the siege began, an American correspondent asked one of them if he knew the "Song of the Volga Boatmen." "Never heard of it," was the answer. The American hummed it for him, but the boatman looked blank. He said he had been going up and down the river for forty years and never heard anyone singing it. The famous Volga chant seemed as unknown there as some alleged Negro songs were on the Mississippi.

Campaign For Records Falls Short Locally

fort. In reviewing the month's intense activity he said, "The way Californians have supported our record drive is thrilling. I don't believe there is an attic unransacked or an old phonograph cabinet that hasn't been explored to the last corner. Believe me the boys in the armed forces who can now have more new records because of this splendid collection effort will be glad that home folks have turned out for them in this way."

"The month's drive is over. But I urge everybody to keep right on turning in old scrap records. There is a continuous need for new records—and our boys want music from home 365 days a year not for just a month."

ing AIRCRAFT WARNING SERVICE WEEK to the people of this state.

"Every citizen owes in some small part a large debt of gratitude to the volunteers of the Aircraft Warning service. They have served with unceasing vigilance in our observation posts and in our filter and information centers. They have guarded this vital American frontier 24 hours a day."

"Families have slept in safety; men and women have worked in our vital war industries without fear of sudden and unexpected death; trained military personnel and much needed equipment have been released to carry the war to the enemy's shores; many of our own pilots have been rescued from disaster; and all because these unsung heroes and heroines have been on constant watch, and on constant watch they will remain as sentries of freedom, until our war is won."

"Therefore, I do hereby proclaim the week of August 1 through 7, 1943, as being AIRCRAFT WARNING SERVICE WEEK."

THE AIRCRAFT WARNING SERVICE IS AN ESSENTIAL PART OF THE U. S. ARMY AIR FORCE

This winged emblem is the official insignia of the Aircraft Warning Service. You will notice that it has the words "U. S. Army Air Forces" lettered on it. Civilians who display it are a real part of our Air Forces.

150,000 loyal civilians know that Posts of the AWS must be filled. The job must be done by either civilians or by fliers or soldiers badly needed at our battle fronts. AWS volunteers release men and equipment for fighting duty.

The AWS volunteer is correct in assuming that he releases many planes to the fighting front. If it weren't for the AWS we would need far more fighter planes on the Pacific Coast than we now have, in order to do the same job.

"Seventy-five families depend on me" is what each AWS volunteer can truthfully say. Reliable statistics show that each person serving on a Ground Observation Post or in a Filter and Information Center is responsible for seventy-five homes as his share of protection.

A FEW OTHER FACTS ABOUT THE AWS:

The Ground Observer Corps is that part of the Aircraft Warning Service that reports the flight of all aircraft over the landward areas. Loyal Americans, especially those in smaller towns, can usually find an Observation Post near their homes on which to serve.

The Aircraft Warning Corps is that part of the Aircraft Warning Service that receives and evaluates all reports about the movements of aircraft. There is a constant need for volunteers to join the Aircraft Warning Corps.

There is important work for *everyone* in the Aircraft Warning Service . . . father, mother, sister, and brother. Even the physically handicapped can serve. The training is brief, interesting, and educational, after which you devote only a few hours a week to a vital job.

SAFEWAY Homemakers' Guide

Midsummer garden plates

Now's the time of year to take a careful look at the fresh vegetables on the market, for varied menu inspiration. The ways you can serve these garden treats are almost limitless—and they do wonders for lazy appetites.

COMBINATION SALAD PLATE—A whole meal on one plate! Arrange shredded greens on large plates. Lettuce, other salad greens, or crisp, raw spinach may be used. In the center of each plate, place large tomatoes, hollowed out and filled with chopped egg, meat or chicken salad. Around the tomatoes, arrange a circle of chilled, cooked peas, then another circle of sliced, pickled beets. Pass the salad dressing separately. Hot cheese biscuits or toasted cheese sandwiches are delicious with this. And custard or pie fits in well for dessert.

MIDSUMMER PLATTER—At one side of a large, heated platter, place pastry shells filled with creamed, sliced, hard-cooked eggs and peas. In separate groups place mounds of sauteed shredded cabbage, broiled tomato halves and broiled fresh peach or apricot halves. Serve with toast or crackers, and follow with a fruit bread pudding.

HOT WEATHER SALAD PLATE—Place in separate lettuce cups, a generous serving of potato salad, chopped spiced beets and cottage cheese, and cooked green string beans. Garnish with cucumber and carrot strips. Serve your favorite dressing separately, and pass a plate of oven-hot muffins. Apple pie and cheese will polish this meal off.

GOLD AND GREEN SUMMER PLATTER—Starring on this menu is fresh corn fondue with chopped parsley topping. Accompanying are carrot slices in spinach nests and buttered, sliced, yellow squash. Serve relishes separately, and follow with fresh fruit in whipped gelatin.

GARDEN PLATE ARRANGEMENTS—Keep foods on garden plates either hot or cold. If you mix hot with cold, they all will be tepid. For hot plates, serve the salad or relishes separately. For rather juicy offerings, serve them in other vegetables, such as tomato cups, squash halves, lettuce cups, or cucumber boats. This will keep their juices from becoming too chummy with the other foods.

Gift of the Gods

—By Frances Lee Barton—

A chocolate sponge cake today is a veritable "Gift of the Gods". But fortunately it may be made without dipping as deeply into some rationed or scarce foods as we must dip for other cakes that taste no better. Cake is an American institution. We are accustomed to it. It's one of our "musts".

Delicate Chocolate Sponge Cake
1/2 cup sifted cake flour; 1/2 teaspoon double-acting baking powder; 1/4 teaspoon salt; 4 eggs; 1/2 cup sifted sugar; 1 teaspoon vanilla.

2 squares unsweetened chocolate; 2 tablespoons sugar; 1/4 teaspoon soda; 3 tablespoons cold water.

Sift flour once, measure, add baking powder and salt, and sift together three times. Place eggs in deep bowl, add 1/4 cup sugar and beat with rotary egg beater until very thick and light. Add flour, all at once, stirring well. Add vanilla. Melt chocolate over boiling water. Remove from heat and add immediately 2 tablespoons sugar, soda, and cold water. Stir until thick and light, then fold quickly into batter until mixture is completely blended. Bake in ungreased 8 1/2 inch tube pan in slow oven (325° F.) 50 minutes, or until done.

IT TAKES A Specialist's SKILL
to repair APPLIANCES

YOUR APPLIANCE REPAIR DEALER is an important man to know these days. He tries to keep as many replacement parts on hand as priorities, allotments, etc., will allow him. He has studied appliance repair, equipped his shop with the parts and repair tools needed to keep your home appliances operating efficiently for the duration.

Just think now! What on earth would you do if your heating system quit cold...if your washing machine stopped work in the middle of a washing...if your vacuum cleaner decided it was through working for you...if your refrigerator got temperamental?

Any one of these happenings would give you a bad day. But fortunately you can do two things about it:

First, you can help avoid such annoyances by proper care and use of your appliances. Use them without abusing them. Keep them cleaned up regularly for more efficient operation. Keep them oiled according to instructions.

Second, when appliances go dead, call the "specialist in repair." He is your authorized appliance repair dealer. Each office of this company has a list of these men.

Call your local P. G. and E. office when one of your home appliances breaks down and you don't know where to have it repaired.

Bank Employees Ready For Drive

Local staff members of the Bank of America today were moving into an all-out war bond campaign in response to the stirring request of A. P. Giannini, founder of the institution.

Earlier this week Giannini had asked the organization to launch a campaign to sell a huge total of the bonds to individuals by the end of January next.

"In the 20 months since Pearl Harbor you have retailed to the public over \$300,000,000 worth of the E, F and G bonds," he told the employees. "This is an outstanding figure, but I want to see it doubled within the next six months."

Fritz Erickson, manager of the Bank of America in Daly City, said the response of the staff was immediate and enthusiastic. "Perhaps it is best expressed in an open letter addressed by our statewide organization to more than 3,000 Bank of America men now with the armed forces," said the local banker.

The letter says, in part: "You fellows are now stepping up the fighting. Well, we are right behind you. We are going to step up those bond sales. We are going to double and redouble our efforts. We are ganging up to bring in that extra \$300,000,000 worth by the end of next January."

"You need good tools to do a good job, and it takes money to produce the tools. So, money is our business, and boys, we mean business. Watch us go!" Giannini said that naturally the success of the campaign would need a good deal of patriotic public cooperation. He referred to the statement of Henry Morgenthau jr., Secretary of the Treasury, that 25 per cent of the money needed to complete this year's financing must come from the purchase of war bonds by individuals.

"Every local citizen," said the banker, "after providing for the essentials of food, clothing, shelter and indispensable obligations, should invest the rest in war bonds. If we are to win this war without awful loss of American lives and resources, no one may hold back."

Every member of the local Bank of America staff is now a war bond salesman and ready to accept war bond orders.

Christmas Mail

(Continued from Page 4)

ers are requested to mark their packages "Christmas parcel" and to pay special attention to the addressing and packaging requirements. Hundreds of packages are lost daily because senders do not wrap them strongly enough to withstand the handling.

For the purposes of Christmas mail, the term "overseas" personnel means men who receive their mail through a Fleet Post Office at San Francisco, California; New York, New York; or Seattle, Washington. Letters and parcels should contain the name and address of sender, the name, rank or rating of addressee and the unit to which he is assigned, or name of the ship or Fleet Post Office through which the mail is to be routed.

Under postal regulations, Christmas parcels shall not exceed 5 pounds in weight, or 15 inches in length or 36 inches in length and girth combined. Not more than one parcel will be accepted in any one week from the same sender for the same addressee. All articles should be packed in metal, wooden or solid fiberboard, or strong double-faced corrugated fiberboard or strong fully telescoping cardboard boxes. Fiberboard or cardboard boxes must be securely wrapped in strong paper and tied with twine.

Parcels should not include any weapons, perishables, intoxicants, poisons, or inflammable articles such as matches or lighter fluid. In general, the public is urged not to send food or clothing.

These regulations apply also to men in the Navy and Coast Guard.

Exciting Drama Opens On Screen Of Local Theatre

Fresh from the front page headlines Arnold Pressburger and Fritz Lang have snatched one of the most dramatic episodes of the war and made an exciting, inspired film, brimful with daring action and colorful romance, "Hangmen Also Die," which is now playing at the Daly City theatre through United Artists release. Co-starring Brian Donlevy, Anna Lee and Walter Brennan, this fast-moving melodrama is packed with adventures and thrills so breath-taking that "Hangmen Also Die" is to be ranked with the outstanding dramatic films of the year.

It is a drama of love, passion and courage of the Czech people in the terror-ridden days of Heydrich, the Hangman, Nazi protector in Czechoslovakia. More specifically, it is the story of a man and a woman, who, along with other patriotic members of the Czech Underground, undertake a relentless fight against the Nazi regime. A powerful blow against Nazism is struck when Heydrich is murdered by Brian Donlevy, a prominent surgeon, also a daring member of the Underground. Seeking refuge in the house of Anna Lee, who had helped him a short while before, Donlevy so involves Anna that she and Donlevy are forced to stage one of the hottest love scenes (ever seen on the screen) to disprove the Gestapo's suspicion that Donlevy is the man they're hunting for. In fact, their romancing proves to be so convincing that Anna's fiancé, Dennis O'Keefe, believes it's the real thing. How Donlevy finally manages to escape the Gestapo and how the romantic entanglements of lovely Anna Lee work out provide a stunning climax to this super-melodrama.

The leading characters, those of Dr. Svoboda and Mascha Novotny, are brilliantly portrayed by Brian Donlevy and Anna Lee. Walter Brennan as Professor Novotny hands in a notable performance and Dennis O'Keefe makes an admirable Jan. There is a fine supporting cast.

Army Keglers Win Evening's Series

Conci's Shell Service keglers met defeat at the hands of the "Top of the Hill" officers, Friday night, July 30, at Fillmore Bowl. Two sergeants were among the Army group, and the military took the evening's series neatly away from the civilians.

Next game between the two groups is scheduled for tomorrow night, August 6, at Lincoln Bowl at 7 o'clock.

San Mateo County Receives Gas Tax Money

State Controller Harry B. Riley, this week, apportioned \$54,289.17 in gasoline tax money to San Mateo county as part of a \$9,449,535 distribution for the quarter ending last June 30. San Mateo county's share was computed on the basis of a motor vehicle registration of 48,688.

Controller Riley said the apportionment was \$2,587,023, or 21.4 per cent less than that for the corresponding quarter last year.

Riley distributed one-third of the \$9,449,535 to the counties, and deposited the balance of \$6,299,690 in the state highway fund. From the latter amount, the division of highways will allocate \$1,574,922, to be expended for highway construction and maintenance within cities of California, and the balance of \$4,724,768, remaining in the highway fund will be expended on the state highway system.
